

A New Book Reflects Jewish Culture with Pungent Humor

When ethnically centered comedy is served up with both wit and empathy, it can be a pathway to rapport across cultures. And when serious themes are seasoned with dashes of satire, the result can be both nourishing and delectable.

Daniel Wolf's new book, *But Is He Jewish?*, is a concoction to savor for both enlightenment and entertainment. In dozens of pieces of varying length and complexity, this versatile writer makes use of modes that include stories, dialogues, and fragments of fractured wisdom. Mr. Wolf displays throughout a knack for the twisted ending, an ear for the play of spoken language, and a decided irreverence toward conventional pieties.

As the author has noted, although this wide-ranging collection is rooted in Jewish life and culture, it addresses universal issues—touching on love, family relationships, courage, and mortality—in an often comical but always human manner. Readers of all backgrounds can partake of it with the proverbial grain of salt as well as great relish.

But Is He Jewish? and Other Quirky Tales

by Daniel Wolf

E-book (color illustrations): \$2.99

Paperback (black-and-white illustrations): \$18.05

Paperback (color illustrations): \$35.99
